GREENEVILLE

Thursday afternoon a Polish man was taken sick in the United States Finishing company and became unconscious. Dr. Murphy was summoned and the man was carried to his home in an automobile. It was found that he was suffering from indigestion. That day for dinner he ate 10 boiled eggs and seven pork chops. This caused gastric formations in his stomach which made his muscles stiffen. He was reported much better Friday and will recover shortly.

Mrs. Joseph Carroll has bought and moved into the house formerly owned by Mrs. William Burton on the corner of Fourth street and Prospect street.

J. R. Portenale will travel today to Hartford to attend the meeting of the executive board of the Foresters of America.

Miss Maria Goble of Central avenue is visiting her home with Mrs. S. H. Walsh.

At a meeting of the new company on Thursday night at the armory, Paul Fanning was elected secretary and George A. Turner, treasurer.

The following committee were elected: Finance, Thomas J. Waldron; Secretary, George A. Turner; Recording, Ernest Bartelme; Paul Fanning; Howard Stacey; Charles Glover; Joseph L. Larratt and George Turner; Entertainment, Ernest Bartelme; Tracy Burdick; Albert Turner; James J. Collins; Harry House and Paul Fanning.

Chairman Waldron of the athletic committee is ready to receive challenges for baseball games.

SEEKING DIVORCE FROM HUSBAND IN ENGLAND
Intolerable cruelty since January 1, 1919, husband's intemperance for more than a year past, and his desertion since May 27, 1919, are grounds for divorce alleged by Sarah Oldfield of Norwich against Fred Oldfield, now of Coventry, England. The couple were married at Coventry, Nov. 27, 1909, the maiden name of the wife being Sarah Benson.

The suit is returnable before the superior court on the first Tuesday in June.

G. A. R. PLANS FOR MEMORIAL DAY

From plans formulated at the meeting of Sedgwick post, No. 1, G. A. R., together with representatives from the various patriotic organizations, the Memorial day observance bid fair to excel all previous demonstrations. The largest parade in years in planned, and the exercises at the Soldiers' monument on Chelsea parade will be better than in years previous.

The organizations that will parade will be the G. A. R., Sons of Veterans, Citizens' corps, Spanish War Veterans, the American Legion and the Boy Scouts. The parade, which will form in front of the Buckingham Memorial, will be headed by a platoon of police, followed by Tubbs' Military band and the veterans of '61, who will ride in automobiles. After the veterans will come the various other patriotic organizations. The line of march is to be practically the same as in previous years. Major Charles A. Hagerberg will be marshal of the parade. While the regulations, sergeants and corporals will be appointed by adjutant general upon the recommendation company commander.

As soon as the company is accepted by the war department the members will begin to draw pay at the rate of 25 per cent. of the regular soldiers' pay, which is at the present time \$13.75 per month, or one hour and a half, and as soon as the pay bill has been paid by congress a law will give the national guardmen \$2.25 per drill.

One's first crop of wild oats may be a failure but that is not a good and sufficient reason for sowing another.

Mr. Collins is no stranger in Norwich, having spoken here on several occasions, notably during the late war. He has been in the service of the government as an industrial expert, and assigned to Norwich at the opening meeting of the United War Work campaign, when he eloquent, patriotic address made a profound impression on the large audience that filled Broadway theatre.

Admission to the lecture is free to the public. Seats will be reserved for world war veterans who are at present taking a decidedly keen interest in the world's greatest problem. The lecture of Mr. Collins will be of special interest to them.

LITS BAN ON TRUCKS
CARRYING OVER 10 TONS
The Connecticut state highway commissioner has lifted the ban on the use of Connecticut roads of trucks having a greater load than ten tons.

Section 25 (f) of Chapter 253, which reads as follows, now governs:
No person shall operate any commercial motor vehicle on any public highway or bridge with the combined weight of vehicle and load exceeds twenty-five thousand pounds, without a written permit from the highway commissioner which shall prescribe the conditions under which the same shall be operated.
